

COMMITTED TO OCCUPATIONAL HEALTH SAFETY, AND ENVIRONMENT

Safety Matters at Work and in Life

The safety of our employees, visitors, contractors and communities is vitally important and core to our company values. From the way we operate, to the products we develop, to how we serve all interested parties, our goal is zero: [zero accidents, zero incidents and zero environmental releases].

Our safety program, Safety Matters, embeds safety into our company culture. With a focus on making safety personal, we call on United Sugar Company's employees to make safety a priority 24 hours a day, seven days a week, 365 days a year.

Training & Education

We work continuously to enhance safety processes and programs, identify opportunities for improvement and give associates the information and resources they need to ensure safe operations. Education and training are core components of our strategy to ensure safety is everyone's top priority. We engage our associates in proven programs and processes that improve personal safety, and we drive leadership practices that encourage transparency at every level of our organization.

Mitigating Risks

We track our performance on a range of leading and lagging safety indicators. A monthly assessment of our corporate safety KPIs data helps us identify underlying and potential risks, focus on areas of greatest need and measure the effectiveness of our safety programs.
